

Hearts for Haiti!

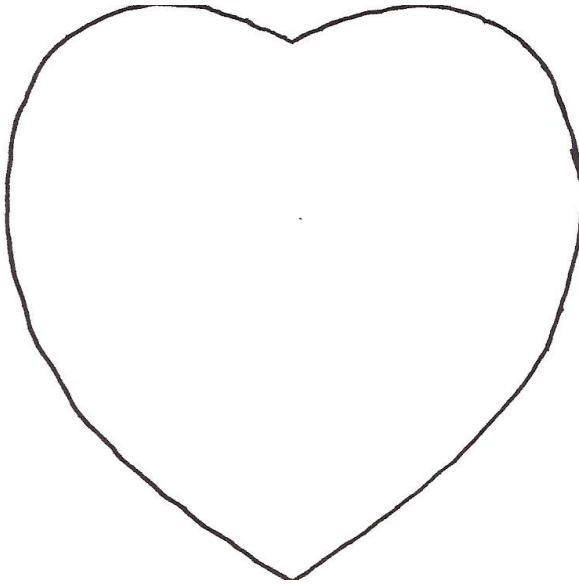

LAMPLIGHTERS, the children's and youth's branch of LAMP Ministries, is sponsoring a project to communicate the love of Jesus to the suffering children of Haiti. We are inviting children, families, teen groups, seniors, schools, CCD programs, and parishes to help express God's love by creating hearts like this one.

As you can see, the front is a child's picture of Jesus crucified. The back reads "You are precious in God's eyes" in Haitian. It is easy to do. Please help us reach many Haitian children with a sign that they are not forgotten. Send your finished hearts to
